

## SAVE THE DATE...SAFETY, OSHA, and EPA Compliance Training

Safety, OSHA and EPA Compliance training is available at the ***Chicagoland Safety, Health and Environmental Conference*** at its next conference being held September 19-22, 2016 at the Naperville campus of Northern Illinois University. Founded in 1988 the conference provides training for professionals and others who have responsibilities related to safety, health, training and environmental management. Key personnel such as owners, managers, supervisors, safety committee members, human resource managers, municipalities and others are encouraged to attend.

The ***Chicagoland Safety, Health and Environmental Conference*** is the *premier* Midwest regional conference that draws attendees, speakers and vendors from across the country and Midwest. In 2015, people from 17 states attended the conference. The conference is sponsored by the Chicago Chapter of the Alliance of Hazardous Materials Professionals (AHMP), the Chicago local Section of the American Industrial Hygiene Association (AIHA), the Chicago, Northeast Illinois and Three Rivers chapters of the American Society of Safety Engineers (ASSE), and is planned in association with OSHA, the National Safety Education Center and Northern Illinois University, College of Engineering and Engineering Technology.

The conference website [www.chisafetyconf.org](http://www.chisafetyconf.org) provides information about topics, speakers, and vendors from previous conferences. Information about the 2016 conference will be posted on the website in May. Early Bird registration fees will be available for those who register by August 12, 2016.

Training sessions are 1.5 hr., 3 hours or full day workshops during the 4 day conference. Knowledgeable speakers including business and industry professionals, OSHA Compliance Assistance Specialists, college professors, corporate trainers and environmental consultants provide current and timely information to attendees. On Wednesday, a day long Business Expo and networking event provides attendees the opportunity to view dozens of new and exciting products and business services. The conference Keynote address is Thursday where attendees will hear directly from an industry/business executive.

The conference week concludes with the *Chicagoland EHS Golf Outing* on Friday September 23, 2016 at the Village Greens of Woodridge. Visit the golf outing website [www.threerivers.asse.org](http://www.threerivers.asse.org) for information and to register for this separate event or to become an event or hole sponsor.

For additional information about the conference or golf outing, contact Ken Orms at [k.orms@att.net](mailto:k.orms@att.net).
